Dear Century Development Group:

It is with great pleasure that I congratulate you on the approval of Century New York City Regional Center. It will surely serve as an effective vehicle to raise capital by foreign investors with an intent to invest in and to immigrate to the United States of America under Congress' EB-5 program.

As you embark upon your next venture, The Farrington, you will undoubtedly further stimulate the already booming real estate market and economy in the Flushing area. We, as a community, welcome quality projects such as The Farrington whose high-end and well-equipped amenities will raise the quality of living to a different level in Flushing. The Farrington will also remedy Flushing's current real estate market in which supply does not meet demand. The occupancy rate in Flushing's surrounding hotels are at an all-time high. Your high-end condo sale is expected to be a great success.

As your esteemed record in real estate development already speaks for itself, I have absolutely no reservation supporting your endeavor. I am 100% confident that this project will be beautifully crafted and delivered in a timely manner. Thank you for your ongoing contribution to our community.

I offer you my best wishes for much continued success.

Sincerely yours,

Tom Wu
