Dear Century Development Group:

I would like to extend my congratulations to you on receiving approval from the United States Citizenship and Immigration Services (USCIS) for The Farrington as an EB-5 program. The Farrington, initiated by the Century Development Group, is a hotel-condominium mixed-use high-rise to be located in Flushing, NY.

Congress created the EB-5 Program in 1990 to stimulate the U.S. economy through job creation and capital investment by foreign investors. The program enables entrepreneurs, along with their spouses and unmarried children under 21, to apply for permanent residence if they make crucial investments in United State enterprises, and create or maintain 10 permanent full time jobs. This program, along with projects such as The Farrington, help to promote economic growth.

Please accept my best wishes for continued success.

Sincerely,

Peter Koo
Council Member
District 20
