Century Development Group
35-06 Leavitt Street, Suite CF-A
Flushing, New York 11354

Dear Century Development Group:

I am pleased to congratulate Century Development Group on receiving approval from USCIS for The Farrington as an EB-5 program.

The Farrington was initiated by Century Development Group as a hotel-condominium mixed-use high-rise to be located in Flushing. The Farrington was approved by USCIS as an EB-5 program. The EB-5 program enables entrepreneurs (and their spouses and unmarried children under 21) to apply for permanent residence if they make crucial investments in U.S. enterprises and create or maintain 10 permanent full-time jobs. The EB-5 program was created by Congress to foster capital investment and job creation by foreign investors.

Please accept my best wishes for much continued success!

Sincerely,
